EDUCATION

Bachelor of Technology in Information Technology
LakiReddy Bali Reddy College of Engineering, Mylavaram

2022-2026
CGPA: 8.2/10.00

TECHNICAL SKILLS

Programming Languages: Java , C, Python
Web Technologies: HTML, CSS, JavaScript
Database Technologies: SQL
Software Practices: Agile Methodologies, SDLC
Core Competencies: Data Structures & Algorithms, Problem Solving

EXPERIENCE

Data Analytics Intern
JS Solutions

May 2025–Jul 2025

- Performed data cleaning, analysis, and reporting using Excel and SQL
- Created interactive dashboards and reports using Power BI
- Developed a Sales Analytics project for business insights and trend analysis

Full Stack Web Development Intern
INSTEDA Pvt Ltd

Oct 2024–Dec 2024

- Developed responsive web applications using HTML, CSS, JavaScript, and React
- Built backend functionalities using Node.js, Express.js, and MongoDB/MySQL
- Developed a web-based Blood Banking Management System

PROJECTS

Resume Screening System (Rule-Based)

2025–2026

- Designed and developed an automated **Resume Screening System** using **Java** and rule-based filtering logic for candidate shortlisting
- Implemented **keyword matching, text parsing, and scoring algorithms** to rank resumes based on skills and experience
- Used **Regular Expressions (Regex)** and string processing techniques to extract candidate information from resumes.
- Applied **Object-Oriented Programming (OOP)** principles to build a modular and maintainable application structure.
- Built logic to compare candidate skills with job requirements for accurate resume ranking and filtering.

Network Traffic Analysis

2024–2025

- Developed a **Network Traffic Analysis System** using **Machine Learning** for anomaly detection and network security.
- Performed **data preprocessing, feature extraction, and traffic analysis** to identify abnormal network activities.
- Applied **Machine Learning algorithms** and statistical methods to improve threat detection accuracy.
- Built a pipeline for efficient monitoring and analysis of network traffic datasets.

ACHIEVEMENTS

- Secured **2nd place** in a **Machine Learning Bootcamp** for developing and presenting innovative machine learning solutions.
- Solved **200+ coding problems** across **LeetCode** and **GeeksforGeeks**, strengthening problem-solving and Data Structures & Algorithms skills.
- Served as an **NCC Volunteer** during public service and temple security activities; received certification from the **Andhra Pradesh Police Department**.

CERTIFICATIONS

- Salesforce AI Associate Certification – Salesforce
- Oracle Cloud Data Services Certification – Oracle
- Google Generative AI Badges – Google
- Cisco Certification in IoT and Cybersecurity – Cisco
